

'Establishes baseline knowledge, focuses investment and measures the result'

It is possibly the world's most comprehensive benchmark of procurement knowledge.
PMMS Procurement Competence Questionnaire

+  = 12,000

PMMS has assessed over 12,000 individuals and 400 companies globally using our Procurement Competence Questionnaire.

The Questionnaire takes around 120 minutes to complete online.

A quick and cost effective way of measuring knowledge and comparing your organisation against others worldwide.

The Questionnaire is available in 10 languages. English, French, German, Spanish, Portuguese, Simplified Chinese, Korean, Japanese, Russian and Turkish.

10

The output from the Questionnaire is a learning and development footprint from which a group and individual curriculum is created.

Individuals receive a report highlighting areas of strength and development needs together with a suggested development plan.
